DETAILED ACTION

Response to Amendment

1. This Office action is responsive to the Request for Continued Examination (RCE) filed under 37 CFR §1.53(d) on 10/6/10. Applicants have properly set forth the RCE, which has been entered into the application, and an examination on the merits follows herewith. The Examiner acknowledges Applicant's amendments to claims 41-44, 51, 59-64 and the addition of new claims 66-69. Claims 41-69 are allowed.

Allowable Subject Matter

2. Claims 41-69 are allowed.

3. The following is an examiner's statement of reasons for allowance: With respect to independent claim 41, the combination of Ram and Kennedy disclose displaying and interacting with trade orders for buying and selling of tradeable objects. Interacting with the trade screen involves moving a cursor over the location corresponding to a first price level displayed on the screen. Prior art combinations do not properly teach setting the price for a trade order to buy or sell the tradeable object at the first price level in response to the cursor being moved over the location and maintaining the trade order at the first price level subsequent to the update of the trading screen. In combination with the above features, Ram and Kennedy does not clearly teach subsequent to the update and prior to receiving another user command to move the cursor to another location, maintaining, by the computer device, the trade order at the first price level. It is a combination of these above features along with the features disclosed in the independent claim that makes claim 41 allowable.

Since claims 42-69 depend on claim 41 and include all of the limitations of this claim, claims 42-69 are considered allowable for the reasons in which claim 41 is allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

4. Applicant's arguments, filed 10/6/10, have been fully considered and are persuasive. The rejection of claims 41-65 has been withdrawn.

Conclusion

5. Responses to this action should be submitted as per the options cited below: The United States Patent and Trademark Office requires most patent related correspondence to be: a) faxed to the Central Fax number (571-273-8300) b) hand carried or delivered to the Customer Service Window (located at the Randolph Building, 401 Dulany Street, Alexandria, VA 22314), c) mailed to the mailing address set forth in 37 CFR 1.1 (e.g., P.O. Box 1450, Alexandria, VA 22313-1450), or d) transmitted to the Office using the Office's Electronic Filing System.
